personal mobile phone (external line)

Safety is of key importance to us. Please take very good notice of these rules.
If you need further information, please ask your contact person at Nutricia.

You MUST:

-  Observe the safety signs and the instructions from your contact person, report dangerous situations immediately and discuss anything that is unclear with your contact person immediately.
-  Not drive any faster than 15km/h. Dutch road rules apply on the factory premises.
-  Keep your hand on the handrail, and walk calmly.
-  Inform your contact person of any medicines you take that may affect your reflexes.
-  Use the walking path.
-  Wear safety shoes when not on walking paths, and when in zones 1, 2 and 3.
-  Park in reverse, in the parking spaces.

It is PROHIBITED:

-  To take photographs or film without permission.
-  To consume or be under the influence of alcoholic beverages, drugs or other stimulants.
-  To remove goods that are the property of Nutricia without valid proof of passage; you may be inspected at any time.
-  To smoke anywhere on the premises other than in the designated smoking areas.
-  To take bags into production.
-  Children under 16 years of age are not permitted on site.

9 Golden Rules of Safety

Within Nutricia we distinguish 9 Golden Rules of Safety that apply to everyone who is on the Nutricia site (outside and inside), no area excepted. Please study these rules carefully. Ask your contact person for clarification if something is unclear for you.

-  I am not under the influence of alcohol or drugs on the site.
-  I hold the handrail with at least one hand.
-  I use the prescribed PPE (Personal Protective Equipment).
-  I keep emergency exits free and emergency facilities, such as emergency showers and fire extinguishers, accessible.
-  I use the indicated walking routes, footpaths and crosswalks.
-  I follow the safety rules as stated in instructions and work permits.
-  I keep my workplace clean, tidy and everything neatly in place.
-  I only drive the vehicles for which I have a valid certificate.
-  I actively apply stop-think-act in my work by, among other things, applying LMRA (Last Minute Risk Analysis).

 If you are to enter the production rooms or production-related areas, it is mandatory to watch the instructional training video and pass the associated test.

Nutricia accepts no liability for injury due to culpable conduct or any damage to your property sustained while on the premises, or for the loss of property (of staff, the company or third parties).
