

# NUTRICIA STATEMENT

## Access Regulations for Nutricia Production and Warehouse Areas

You must comply with the safety/food safety requirements prior to entering the Nutricia office environment, production rooms and/or warehouses. You are required to sign the health statement below.

I hereby declare that I:

- have viewed the instruction and training video on safety and food safety, scored a positive mark on the test, and shall observe all rules and instructions;
- have received a copy of the brochure 'Access Regulations for Nutricia Premises' (Toegangsreglement Nutricia-terrein);
- am not currently dealing with a communicable bacterial/viral infection and have not come into contact in the past week with anyone who is suffering from jaundice, diarrhoea, vomiting, visible skin infections, discharge from your ears or eyes, runny nose, etc.;
- if my health situation changes during my visit I will directly inform my contact person;
- am not using medicines that potentially pose a risk to food safety and/or personal safety;
- am not under the influence of alcohol, drugs or other stimulants.

Please direct any questions you may have in response to the points listed above to your contact person. Your contact person is responsible for you during your visit. This statement is valid during your visit/working activities.

Nutricia contact person: .....

Duration of visit: Start date: ..... / ..... / ..... End date: ..... / ..... / .....

First name: ..... Last name : .....

Signature: .....

Please be aware of the exceptional circumstances which lead to increased safety risks when entering the office environment and/or certain production rooms. Please discuss the following circumstances with your contact person prior to entering the Nutricia site:

- if you use medical devices such as a pacemaker or a prosthesis;
- if you are pregnant (exposure to certain raw materials and preparations can be harmful).

**Please be informed that you bear ultimate responsibility for your own safety.**
